HOW TO BECOME A PREFECT

The prefects of SVC are chosen based on a selection criteria. The students that score the highest in their categories (male or female) are made the head prefects, while the runner ups are made deputy head prefects and senior prefects. Form prefects on the other hand are typically chosen by the form teachers.

The selection criteria consists of:

1. ACADEMIC PERFORMANCE
Students from year 11 should have at least 80% aggregate (480+/600) and students from year 12-13 should have at least 65% aggregate (260+/400). Academic performance takes up 50% of the selection criteria.

2. EXTRA-CURRICULAR ACTIVITIES

This takes up 15%. Students who win multiple international, national, Inter-school and school level competitions have higher chances of getting chosen.

3. LEADERSHIP QUALITIES

This takes up 15%. Experienced prefects and students who play active roles in clubs/associations gain more points.

4. STUDENT CONDUCT

This takes up 15% and is an essential quality. Students with discipline problems will not be selected as prefects.

5. INTERVIEW

Shortlisted prefects will be interviewed and judged based on their willingness and communication skills.

Six glasses are placed in a row. The first three contain water: the second three are empty. By moving only one glass, how is it possible to rearrange the glasses so they alternate between full and empty?

Do you think you can solve this? FROM NOELANI 13A

Answer: Pour the water from the second glass into the fifth glass, then return the empty glass to its original position.
