

ARISE, AWAKE AND STOP NOT TILL THE GOAL IS REACHED

AND THE WINNER IS....SVC!

It was no surprise that the Nadi Zones was dominated once again by our fast and furious athletes; even with tough competition they still pulled through to bring those trophies back to SVC.

OVERALL NADI COCA-COLA GAME WINNERS!!

Annmary Raduva 13C who bagged 2 gold medals (for shotput and discus) stated that she "felt honored to represent the school and never in her life imagined schooling in the west let alone SVC". She also added she enjoyed her time with; her sister, Faith, athletes of other schools and became close to our very own athletes.

As for Ricky (Rowena) Taito of 13B; she also felt the honor of representing the school. She mentioned "it was a FUN day out for the school and the loud cheering and dancing from the spectators and their colorful banners must've boosted the athletes and officials morale".

Meanwhile down in the marshaling area Eparama Naivolasiga 13A stated that "He and the other SVC student helpers would cheer for the school instead of being neutral," which is understandable as they took pride in the school and their athletes. He also thought "they performed really well especially during the 2nd day where they dominated most of the relay events".

This win also came as a present from the school to the Principal who celebrated his big birthday on the 1st day of the zones meet. With this, both athletes and spectators alike are looking forward to what the next games will bring!

THE SCHOLASTIC CRIME STOPPERS

"It's easy to sit back and say, that's not my problem, why should I bother, and not accept any responsibility of things happening around you. Even easier when you know that there already exist those who have the responsibility of overseeing those tasks. What I mean by that is, when you chose to look the other way and ignore an obvious

problem it won't disappear, but it will grow bigger, just like a fire when you don't put it out, it will grow and burn things near and around the point of origin. The Crimestoppers Scholastic Program provides that proactive avenue. Through the program, you're involved in the well-being of your school community. That's the challenge I leave with you all today. Do what's right for you and your education. Don't worry about what others are doing!"
